# **CONTENT REDIRECTION**

Extentrix WISP would allow you to open published contents using published applications by Citrix XenApp. This would relief you from having the application installed on your machine to open the document. Choose "Edit with Application Delivery by Citrix" to open the document using published application.

Figure 9: EWISP - Edit menu with Citrix option

To create new document, please use "Document Delivered by Citrix".

# **CUSTOMIZING THE APPEARANCE OF THE WEB PART**

You can customize the appearance of the Extentrix Web Interface for SharePoint to match your requirements.

The Standard Web Part tool pane consists of the following options:

- 1. Appearance
- 2. Layout
- 3. Advanced options

These allow you to modify the size of a Web Part, where it appears on the screen, and whether it can be minimized or closed by a user. For more information, see your Microsoft SharePoint documentation.

Extentrix Web Interface for Microsoft SharePoint also includes Preferences and Style options.

# To modify the appearance of the Web Part

- 1. Click on the arrow for the EWISP web part.
- 2. Click Edit Web Part.
